## ABOUT US

Global Merchants, established in 2003, is a GMP, HACCP, FSSC and ISO 9001:2015 certified company, and one of the leading manufacturers, suppliers and exporters.

Global Merchants has earned a well-known name in domestic and international markets as a natural ingredient supplier with over 20 years of knowledge and experience in the natural products industry. We build long-term relationships and therefore have the patience and maturity to work with customers who are developing new products, even if it means small orders in the beginning.

### MISSION & VISION

- To provide the highest customer services to our clients domestic & international.
- To achieve growth and stability in performance by diversifying to value-added natural ingredients for synergistic business segments through the development of product research and technology base.
- To consistently add value to our business to deliver superior returns to all stake holders-customers, employees, shareholders, suppliers, and society.

### QUALITY POLICY

All sourced raw materials and products go through a stringent quality test to assure the right products into the process of manufacturing. The Quality Control (QC), Quality Assurance (QA) and the Regulatory team assures that we are compliant at all levels.
